

Campaign Update #12: Our Family is Growing

It's another record-breaking year for Light of Christ Catholic Schools with more students coming through our doors compared to last year - nearly seven percent growth! When we add in the LaMere Learning Center for pre-school children, we have 1,347 students. We are blessed by this strong, steady and manageable student enrollment growth and are thrilled that so many families are committed to Light of Christ, entrusting us with educating their children.

We've added a 2-unit modular classroom at St. Mary's Grade School and a 4-unit modular classroom at the Light of Christ Academy to accommodate for the increased enrollment until we can build our new high school. The teachers and students are commenting on the great amount of space, windows that bring in natural light and nice finishes that make it an excellent learning environment.

Msgr. Lindemann blessed the St. Mary's Grade School classrooms and students after the first Mass of the school year.

Fr. Johnson blessed the Academy classrooms during the back to school picnic.

Over the years, we have heard many people say that Light of Christ is like family to them. Academics and extra-curricular activities are important and Light of Christ is strong in these areas. We strive to excel at relationships with our students, their parents and grandparents. It's wonderful to hear from former students and families. If you know someone who has been out of touch with us, please forward this to them so they can receive the regular updates.

Join us for a Celebration!

Saturday, September 10

555 Highway 1804 NE
Bismarck, ND
Near the new campus for our future
